Honors English 11 – 2019-2020 Summer Reading Assignment:
READ TWO BOOKS – ONE NOVEL AND ONE BIOGRAPHY

BOOK 1: Read a novel by an American author (that you have not read before).

E-mail Sr. Mary Seton and tell her the name and author of the novel you choose.

After you read, do the following assignments:
1. Copy five quotes from the novel that you like. Explain in a paragraph for each quote how that quote relates either to your life or to your community or family.

2. Write a 20-sentence (or more) response to the novel that lets me see that you read the entire book. This should NOT be a summary of the book, but should refer to aspects of the book that you responded to.

BOOK 2: Non-Fiction: Read a biography or autobiography of your choice.

E-mail Sr. Mary Seton and tell her the name and author of the biography or autobiography that you choose.

After you read, do all of the following assignments:
1. List or draw or illustrate five significant events in the main character’s life and explain in one or more sentences for each event why the author included those events.

2. Write two or more paragraphs reflecting on new ideas or insights or inspirations about life that you discovered by reading this book. Include a quote from the person.

3. If you were to write a biography about someone you know personally, who would you write about? List three significant events from that person’s life and write one or more sentences for each event, explaining why it is important to that person.
